

## Activity Risk Assessment Plan

Educator: \_\_\_\_\_

Proposed Activities: \_\_\_\_\_

Items that are required for the activity: \_\_\_\_\_

Number of Adults: \_\_\_\_\_ Number of Children: \_\_\_\_\_

### 1. Identify hazards & risks-

Identify and assess risks that the excursion may pose to the safety, health or wellbeing of any child

### 2. Assess the risks-

	CONSEQUENCE		
LIKELIHOOD	Major	Moderate	Minor
Likely	High	High	Medium
Possible	High	Medium	Low
Unlikely	Medium	Low	Low

### 3. Control the risks-

Specify how the identified risks will be managed and minimised

**Consider:** water hazards; water based activity risks; number of adults and children; the number of educators or other responsible adults that is appropriate to provide supervision and whether any adults with specialised skills are required; the proposed activities; proposed duration and items that are required for the activity.
